or shanks available according to customer's specification.

Precision tools from BERLIN stand for:
QUALITY. — Diamond tools from BERLIN stand
for: **SUCO**. In 1962 **SUCO**, short for Schmitz and
Company, manufacturer of diamond tools, was founded in
Berlin. Due to the high standard of quality of their products **SUCO**
quickly succeeded in establishing a good reputation amongst experts.
Continuous development of their products, improvement of their quality
standards as well as the extension of their range of products have
given **SUCO** a firm position in industry. To maintain and further
improve those standards will continue to remain our
objective. — Diamond tools always were a matter of
confidence. — Rely on us and our competence.
We will be happy to pass on our experience
to you. **SUCO**: your partner in
the diamond tool trade.
