Precision tools from BERLIN stand for:  
QUALITY. — Diamond tools from BERLIN stand  
for: **SUCO**. In 1962 **SUCO**, short for Schmitz and  
Company, manufacturer of diamond tools, was founded in  
Berlin. Due to the high standard of quality of their products **SUCO**  
quickly succeeded in establishing a good reputation amongst experts.  
Continuous development of their products, improvement of their quality  
standards as well as the extension of their range of products have  
given **SUCO** a firm position in industry. To maintain and further  
improve those standards will continue to remain our  
objective. — Diamond tools always were a matter of  
confidence. — Rely on us and our competence.  
We will be happy to pass on our experience  
to you. **SUCO**: your partner in  
the diamond tool trade.
